

RANDY BLACK AND THE HEATHCROPPERS ARE AN ORIGINAL, THREE-PIECE BAND OUT OF CAMBRIDGE, MA THAT OFFERS A UNIQUE BRAND OF ROCKISH, ELECTRIC, AMERICANA. THEIR MUSIC IS EDGY, COMBINING STRONG HOOKS, INTROSPECTIVE LYRICS AND AN UPBEAT FEEL

---

**“Rich, raw poetry. Randy Black is a musical Jack Kerouac. His nocturnally bent style has a rugged realism and brooding urgency.” – Boston Globe**

“When they began I was curious and by the time it was over I was mesmerized. Call it eclectic folk rock with deeply emotive lyrical storytelling... Randy is a vibrant rhythm player and the songwriting draws its strength not only from the lyrical tableaux he presents, but the strong musical hooks that he creates ”

~ The Noise

“Randy has an expressive singing voice that is never mannered... His band Limbo Race won the Rumble in 1982 and his intense music gained him some dedicated fans. There was nothing half-baked about this gig. They were well rehearsed and they came with a new set of powerful songs. You don’t often see a set as amazing as this. We felt lucky to be there...”
